Cavalli Island Retreat & Spa CAVALLI ISLANDS, NEW ZEALAND

Retreat to the **new** Cavalli Island Manuka Honey Spa Experience

The only private, island hideaway in New Zealand's legendary marine reserve the Cavalli Islands, this ultra hip spa retreat offers totally unfettered luxury and relaxation, whether you stay resort-style, or enjoy its extraordinary exclusivity as single-party guests.

Cavalli Island's lavish purpose-built spa pavilion is focussed entirely on your well-being and relaxation. Here you'll restfully experience the magical benefits of indigenous Maori well-being remedies and a range of unique organic treatments delivered by New Zealand's very best spa therapists. They carefully combine the renowned microbacterial properties of wild Manuka honey with locally sourced blossoms, herbs and china clay in supremely restful and reviving therapies for men and women – each individually designed. Choose tropical mud wraps fragrant with ylang-ylang, sandalwood and Cavalli-grown lemongrass. Dream in perfumed milk baths. Experience the soothing steam room, careful massages, a sauna and the outdoor hydro-spa bath. There's no other relaxing experience like it. And you are only steps away from your luxurious accommodation, superb meals and watersports on Cavalli's private beach.

Retreat from the world, and treat yourself to the **new** Cavalli Island Manuka Honey Spa Experience.
