

A **NEW** LEGENDARY FIJIAN  
FIREWALKING EXPERIENCE

South Pacific

# South Pacific:

## Royal Davui Island DAVUI ISLAND, FIJI

A **new** legendary Fijian firewalking experience

Unique in Fiji's tropical paradise, Royal Davui Island rises out of crystalline Beqa Lagoon to redefine laid-back luxury in exquisite, ecologically sensitive 21st century style. Superb air-conditioned vales offer private terraces, stone plunge pools and views of sapphire waters over white sand beaches. While here you are invited also to experience the mysteries of the legendary firewalking ceremony.

Your Fijian-firewalking experience begins with a boat ride across the lagoon waters from Royal Davui Island to Dakuibeqa on Beqa Island. Here you must first request permission to gain access to the ancient firewalking site by sharing a traditional Fijian Kava Ceremony at the chief's residence. Only then will you be initiated into the secret rituals that the men must undertake in order to cross the hot stones safely – like remaining celibate from their wives for 14 days.

Then, safely back across the lagoon, swarming with bull, tiger, lemon and silvertip sharks, to the relaxing sanctuary of Royal Davui, where this privileged experience concludes with an authentic firewalking ceremony.
